Sales, contracts, appointments and the bigger picture

18 Products

New introductions and announcements plus Digidesign and Steinberg platform news.

66 Headroom

Pirates ho! and ten things.

Craft

16 Super Audio Mastering

Mastering guru Simon Heyworth collects his choicest equipment and creates a room with a view in Devon to handle all formats.

42 Mike Felton

He's been with the Beeb 'man and boy' and has amassed a credit list to match his experience. He shares his observations of the broadcast production process.

46 Nick Cage

Combining engineering, production and managerial skills he's a Brit hip-hop specialist. His thoughts on creative control and breaking an act.

48 Glenn Freemantle

A leading sound editor's take on the changes in technology and the changes in the job.

50 Sweet Spot

Measuring low frequency response accuracy — have we found a monitor quality measure?

54 Silence please

When we let computers into our rooms the noise they make sneaked in with them. You are entitled to demand silence.

56 Meet your maker

John Petersen — the man behind Tube-Tech mixes valves with practicality.
