New introductions and announcements.
- 66 **Headroom**
That compression issue.

Craft

- 16 **Sound & More**
A hotel, a sports centre and a recording studio in Warsaw: it's all about the package. It's all about sound and more.
- 40 **Mick Glossop**
He was in on the ground floor at two of the most influential studios that marked the birth of the modern recording era yet he's still inspiring musicians.
- 46 **Sweet Spot**
Blue Sky started at the end of the sound chain and worked backwards for the design of its nearfield and midfield monitors.
- 49 **Ten**
Early reverberations.
- 54 **Meet your maker**
Graham Boswell and Ian Dennis — Prism Sound's founders still drive the technology of the manufacturer.
- 56 **Katz's column**
Analogue is not plug-and-play — Bob explains the audio interfacing problems we face and how to conquer them.
- 60 **JBL at 60**
JBL is celebrating 60 years in monitoring design — a period that has seen remarkable shifts in work methods and environments.

Business

- 50 **We can't rewind**
Why Generation @ will never understand the influence of a half-hour 1970s weekly music show and how record collections are being 'rewritten by machine and new technology'.
- 64 **Your business**
Hip-Hop has made record production a lifestyle choice and brought with it a speed of workflow that makes other music production lines seem sluggish by comparison.

Technology

- 58 **Audio through RoHS-tinted glasses**
We look at the impact upon manufacturers and end-users of the EU directive for Restriction of the Use of Certain Hazardous Substances.
- 62 **Slaying Dragons**
All we find about us today is compressed, to the detriment of sound quality. Watkinson wonders if there is a solution.
